Overview

Effective and secure communication is imperative for the growth of any organization. Instant Messaging is the most preferred communication tool for employers, employees and patrons in today's digitally connected enterprises. The business challenge lies in implementing an Instant Messaging solution that is both productive and secure.

c-cube offers an enterprise grade Secure Instant Messaging solution for effective communication, collaboration and community building in the corporate enterprise for employers, employees, partners & customers. **c-cube** ensures security of the information that is being transferred in the enterprise with the use of strong compression technique; consequently the messages and files are protected and instantly transferred.

 **ANGLER**
An ISO 9001 Company
